## **COVID-19 Update**

**October 2nd 2020**

Dear community,

First and foremost, our team hopes that you and your families have been safe and healthy.

We worked hard to accommodate our members to ensure programming, both virtual and in-person, could be provided safely. This includes summer camp and childcare, which began in July. There was a high interest in virtual programming and thanks to the safety and sanitary measures implemented, along with the cooperation and collaboration with our participants and their families, it gives us great pleasure to say that our camp and childcare operated with no confirmed COVID-19 cases. We would like to extend our gratitude to all individuals involved who made this possible.

We are happy to announce that fall programs have recently begun (and others will soon begin) operations. The health and safety of our members and staff will remain our priority; with that in mind, our fall programs have also implemented safety measures (including limiting participants, sanitary procedures, wearing masks, and so on) to successfully protect all members and staff from COVID-19, like we did during the summer months.

Our administration will continue to closely monitor COVID-19 and any updates the government provides on a daily basis. Any updates to Club operations will be shared on our social media and website.

We appreciate your patience, understanding and continued support during this unprecedented time.

If you have any questions or concerns, please don't hesitate to contact the Club.

Sincerely,

**Glenn Harkness**
