

Learning & Engagement staff and volunteers focus on developing and delivering engaging programs for youth through activities such as cooking classes, science experiments, STEM, arts and crafts, and more. Learning & Engagement program activities help youth discover and develop interests, talents and new hobbies. Staff and volunteers provide techniques, skills and tools to help children and youth be successful while creating a welcoming environment for children and youth that encourages participation.

Volunteers Currently Needed for Drop-In Program:

- Next program session beginning April 3rd will be drop-in only
- The goal is to introduce kids to different skills or other activities, along with programs the Club has to offer
- Ideal volunteers will have skills/knowledge related to active living (sports, health and wellness, etc.), STEM, arts, or other activities that may intrigue the interest of children and youth
 - All volunteers are welcome and don't require skills/knowledge in these topics
 - Volunteers are welcome to be a helpful extra set of hands while the program is running
- Needs a lot of support in increasing engagement in activities

Volunteer Roles & Responsibilities:

- Assist staff in running activities and program plans
- Help engage and participate with participants in activities
- Build relationships with participants modelling the BGC values
- Assist staff in setting up the room before program and helping clean up after program
- Ability to be flexible and anticipate change in a quick moving environment

To become a volunteer, please complete the volunteer application ([here](#)). Please note that after submitting an application, you will be required to provide:

- Police Record Check for volunteers 18+ years old through your municipality ([Hamilton/Halton](#)), and
- Proof of COVID vaccinations (minimum 2 doses).
